

# Condensation and Rarefaction I

Andrew Nathaniel McIntosh

$\downarrow = 3$

Bb or Eb clarinet

Bb or Eb' clarinet

$f$  -33c +47c -18c

$f$  -33c +28c +4c

22/21 21/20 29/28 28/27

Make an even and continuous glissando between the pitches, breathing as needed.

It does not matter whether Bb or Eb clarinets are used (although Eb instruments are slightly preferable), but both performers should use the same.
